BLOOMFIELD'S PAYMENTS ON ACOUNT OF
JOINT OUTLET SEWER.

On July 18th, 1893, the following resolution relative to Sewer payments, was passed by the Township Committee :

WHEREAS, The City of Orange has notified the Township Committee that there is due to the City of Orange the sum of \$4,451.42, being the ratable share of this Township for the cost of construction of joint trunk sewer up to July 1st, 1892.

BESOLVED, That the note of the Township be drawn for said sum of \$4,451.42, payable on demand, with interest at the rate of 5 per cent, and that the Treasurer be instructed to have the same discounted and from the proceeds pay the sum mentioned to the City of Orange ; and it is further

Resolved, That when funds shall be raised by the issuance of Township Bonds or otherwise for the payment of construction of said Sewer, such funds shall be specifically applied to the payment of the above note or any other obligation which shall be substituted for the same.

Since the first payment on cost of Outlet Sewer, there has been paid under the same conditions the sum of \$37,336.47, making the total amount paid up to March 1st, 1893, \$11,787.89. There will probably be an additional cost of about \$8,000.00, which will make the cost of Bloomfield's share in the joint Outlet Sewer amount to 50,000.

On March 20th, 1893, an ordinance was introduced to authorize the Township Committee to issue the corporate bonds of the Township for the purpose of paying the costs and expenses of the improvements and public works contracted for and to be contracted for, pursuant to the act entitled " An Act to provide for Drainage and Sewage in Densely Populated Townships, in which there is a Public Water Supply," approved March 4th, 1884, and the several supplements and amendments thereto.

EXTRACT FROM

ANNUAL REPORT OF THE CHIEF ENGINEER,

BLOOMFIELD FIRE DEPARTMENT, 1892--1893.

To the Honorable Township Committee of the Township of Bloomfield.

GENTLEMEN:—I take pleasure in submitting this my fifth annual report of the Bloomfield Fire Department for the year ending March 1st, 1893. Annexed will be found a list of all fires that have occurred during the year, their cause, loss, and insurance as far as I have been able to ascertain, also a list of each company, the number of men comprising the same, an inventory of the property belonging to the township in the custody of the Department and a record of such other matters as may be of interest to your honorable body.

MANUAL FORCE.

The manual force of the Department at the present time consist of one (1) Chief Engineer, three (3) Assistant Engineers, and ninety eight (98) officers and men, divided as follows:

Essex H. and L. Co., No. 1, 2 officers, 34 men.

Phoenix Hose Co., No. 1, 2 officers, 17 men.

Active Hose Co., No. 2, 2 officers, 18 men.

Excelsior Hose Co. No. 3, 2 officers, 21 men.
